

## **Report on Teacher's Day Celebration 2024**

Teacher's Day is a unique day observed globally to recognize and respect the hard work of educators who shape the minds and futures of students. Teacher's Day is known as a significant event in India since it honours the birthday of Dr. Sarvepalli Radhakrishnan on 05<sup>th</sup> September every year.

This year too on Teacher's Day students of PWCIT organized a wonderful program. Students decorated the M P Hall with the hand made picture of eminent scholar Dr. Radhakrishnan along with flowers, balloons and festoons. Students had invited teachers prior for this day through a beautiful hand made card.

The program started with lighting of lamp by Principal, Dr. Anita Verma. She also put a garland on the photograph of Dr. Radhakrishnan to pay him homage. Students performed cultural activities like western group dance, naati dance, songs and paid gratitude to the teachers also through speeches. Fun games were also added in between for the entertainment of teachers. Teachers were honoured by gifts and suitable titles made by students for every teacher. Joyous cake-cutting ceremony enhanced the charm of the program.

The program concluded by the inspirational speech given by the Principal Ma'am in which she appreciated the efforts of the students and wish them good luck for their future. "The efforts put by the students made this teacher's day unique and memorable."
