

International Chess Day Chess Competition

Venue: Pestle Weed College of Information Technology

Date: 21 July 2026

On the occasion of International Chess Day, Pestle Weed College of Information Technology successfully organized an Inter-Class Chess Competition on 21 July 2026 to promote logical thinking, strategic planning, concentration, and sportsmanship among students. The tournament was conducted in three rounds, followed by the Semi-Final and Final, with enthusiastic participation from students.

Round I,

The matches were played between Kritika and Anshika Chaudhary, Sakshi and Vaishnavi, Akanksha and Neelakamal, Sani and Divyanshi, Kamlesh and Akhilesh, Taneesha and Ajaydeep, and Aman and Anushka. The qualified participants advanced to

Round II,

Where Kritika faced Anushka, Vaishnavi competed against Akanksha, Tanuja played Neelakamal, Sani faced Taneesha, and Saniya competed against Aditi.

Round III,

Featuring Anshika and Aditi, Akanksha and Saani, and Taneesha and Tanuja.

Semi-Final,

Was contested between Taneesha and Neelakamal, and Saani and Anushka.

Final,

Was played between Saani and Taneesha, in which Ms. Taneesha emerged as the Champion of the tournament.

The tournament was arbitrated by Mr. Satish Prohit, Mr. Shubham Raturi, and Mr.

Kamal Kishor, whose impartial supervision and efficient management ensured that all matches were conducted fairly and in accordance with the official Laws of Chess.

On this occasion, Dr. Anita Verma, Principal of Pestle Weed College of Information Technology, congratulated the winner and appreciated the enthusiastic participation of all students. She encouraged the participants to continue taking part in such intellectual and co-curricular activities, emphasizing that chess develops critical thinking, patience, discipline, and decision-making skills. She also conveyed her best wishes to all the students for their future endeavors.

The event concluded successfully, providing an excellent platform for students to showcase their strategic abilities while fostering healthy competition and academic excellence.
